

Itinerary for the Kruger Park Tour

Monday 28th : I will collect you from your homes according to a pick-up schedule to be sent to you next week. We will stop every two hours and more if needs be. We will stop for lunch and reach Pretoriuskop around 3pm in time to refresh and have a Kruger Braai in the evening.

Tuesday 1st : Early morning coffee and rusks at 6.00am followed by a game drive. We return to the camp at around 9.00am for brunch followed by a shower or bath and then leisure time. Read a book, have a nap or whatever you fancy. We will do an afternoon game drive at 3.00pm to 5.00pm. These times may change slightly depending on sightings and needs of the group. We return to camp for another scrumptious camp braai.

Wednesday 2nd and Thursday 3rd : Our activities for Wednesday and Thursday will be largely the same as Tuesday except that now our eyes are sharper and we can see through the bush we will be seeing spots and tawny hides! Any bets?

Friday 4th : We will have a light breakfast at 7.00am and try to get away by 8.00am. That way we will be back in Johannesburg by 3pm and if lucky will miss the heavy traffic. We will have comfort stops and lunch.

General:

I suggest you bring torches, sunscreen and something to keep warm in the early mornings and evenings. Will send actual forecast temperatures next week.

NB: Don't forget your ID Books. I will pay the SA Citizens/Residents R110.00 conservation fee per day per person but not the R440.00 foreign visitors per day penalty for forgetting your ID Book. There you have it! or it is what it is!

You need to bring your preferred tippie or other beverages. There are fridges and aircon.

I supply water on the bus and all the food. As we have brunch and supper, you may want to bring some snacks if you need to nibble in between.

They do supply eating utensils, plates, glasses and coffee cups. But no coffee/ tea/milk and sugar in the bungalows. I will have that all available at my hut but if you like a midnight cuppa you should bring a few sachets with you.

They do provide towels, small soaps and toilet rolls, but as this is a bush camp, maybe bring a roll and a soap just in case. They do provide a small container of dishwash and dishtowels. Camp staff will washup all eating utensils and service the bungalows.

You will need to bring your plates/utensils, cups and glasses for brunch and supper to my bungalow on the first evening. They will stay with me for the duration. We will also need our cups for early morning coffee or tea with rusks.

As I will have to transport a lot of food, big cooler boxes, please don't bring a large suitcase. A medium size is fine, roughly 62cm x 24cm x 40cm. If you bought a set, it would be the middle one.

I will contact you again next week with the pick-up and forecast temperatures and rainfall.

Just an early forecast: Mon 28th 30/20 A thunderstorm

Tues 1st 29/20 Showers

Wed 2nd 27/20 Showers

Thurs 3rd 27/19 Sunny and a bit cloudy

Fri 4th 30/18 Mainly sunny

So pretty warm and rain here and there. Actually rain helps to keep it cooler. It can get up to 40 degrees this time of year.

See you soon.

Regards,

Chris.
